

Safety information and code of behavior

Instruction sheet for visitors at Teubert

This instruction sheet is for all persons who drive on or enter the company site. It is for your safety and the safety of others.

For a pleasant, successful and safe stay on the company site, we ask in advance for your attention to the following security guidelines.

Identification

In order to guarantee your own safety, you are kindly asked to register in the visitors' book on arrival and check out on departure. As soon as you leave the administration building you will receive a visitors' pass. Please wear it clearly visible.

Visitors need to be under the surveillance and responsibility of a Teubert employee. They are not allowed to move alone on the company site.

Personal protective equipment

In the production area, it is obligatory to wear personal protective equipment as required.

On the **entire company site**:

Non-smoking area

Smoking is only allowed outside within the smoking areas.

Ban of alcohol and other drugs

It is prohibited to import and consume alcohol or other drugs.

Prohibition for photography and filming

Permission is required for photography and filming.

On the **entire company site**, the rules of the Road Traffic Act with the following characteristics are valid:

For motorized vehicles, there is a speed limit of 10 km/h.

Parking is only allowed on the specially marked surfaces.

Pay attention for moving forklifts and other moving work equipment.

In **some operation areas**:

Access is denied for unauthorized persons

Explosive atmosphere

It is prohibited to carry along spark-generating equipment, e.g. a lighter.

Basement

To find an exit, please follow the signs for „Emergency exit“!

Do not collect any personal things when the alarm sounds. Walk directly to the assembly point!

In case of any danger, immediately inform a Teubert employee.

The assembly point is opposite to the entrance of the company site on the meadow.

I am aware and understand all safety information and code of behavior..
